

Retailz POS — Report Export

Helm Demo Setup Guide

How to Export a Report

- 1 Open **Retailz POS** and go to the **main menu**.
- 2 Move your cursor to the **left side of the screen** to open the side panel.
- 3 Click on the **Reports** section.
- 4 Select the **report you want** from the list below.
- 5 Set the date range to **Current Year**.
- 6 Click **Export** and download as **XLSX**.
- 7 The file is now **saved to your device**.

Reports to Download for Helm

Day Sales Summary **[Core Metric]**

Your daily revenue number — the core metric Helm uses to track store performance.

Sales By Hour **[Staffing]**

Shows when customers come in throughout the day — critical for staffing decisions.

Top Selling Items **[Revenue]**

What's actually driving your revenue — your highest-performing products.

Tip: Download all three reports in one sitting — Helm uses them together to give you the full picture of your store.
